Patients Tested Positive for COVID-19 in Kentucky

Statewide Count: 1008

County information missing: 43 cases

Date of Report: April 6, 2020 (5:00 PM EST)

Situation for April 6, 2020

- 1,008 people in Kentucky have tested (confirmed) positive for COVID – 19.
- The Kentucky Department for Public Health (KDPH) is collaborating with Kentucky Emergency Management to develop a medical surge bed capacity and PPE inventory WebEOC dashboard for data visualization for preparedness and response capacity.
- The Commonwealth of Kentucky and the Department for Public Health are collaborating on Non-Congregate Shelter (NCSs) to provide a location for individuals diagnosed with COVID-19 to self-isolate away from home.
- The Cabinet of Economic Development is coordinating with vendors to assist with the purchasing of sample collection kits.

Actions to date (what has been done to date)

- The Healthcare Preparedness Program collaborates with the Kentucky Hospital Association (KHA) to conduct weekly conference calls with chief medical officers and hospital planners/frontline staff.
- The Healthcare Coalitions are conducting weekly meetings with their membership to provide information and conduct planning activities.
- ESF #8 submits daily data and usage reports to HHS and FEMA.
- KDPH supports planning and logistical needs for Community Based Drive-Thru Testing Centers (DTTS).
- Companies/agencies who want to sell/contribute COVID-19 related supplies to the Commonwealth can send an email to kyemcovid@ky-em.org or go directly to the online form at www.tinyurl.com/kyemcovid.

Activities to be completed (what will be done)

- KDPH is developing a parking lot triage using respiratory triage tents for emergency departments.
- KDPH is developing a COVID-19 Recovery Facility Plan (utilizing skilled nursing facilities).
- KDPH is partnering with KYEM for testing and planning community drive-thru testing capability for the state.
- Finance Section is developing COVID-19 Cooperative Agreement documents, tracking COVID-19 Expenses via all streams of funding and securing personnel contracts to assist with COVID-19 Response efforts.

Critical priorities (to be completed in the next 48 hours)

- KDPH continues to notify hospitals that they must submit facility PPE burn rate in WebEOC if they want to be considered for distribution of PPE from the state.
